SUMMARY

Dedicated Senior Software Engineer with over 2+ years of experience in software testing field with strong understanding of Software Development Life Cycle (SDLC), Software Testing Life Cycle (STLC), and Bug life Cycle. Actively improving software quality and efficiency, passionate about continued learning and applying cutting-edge testing methodologies, skilled in the development and maintenance of software testing plans and processes to ensure high-quality software products also having a hands-on experience on java automation with selenium.

SKILLS

- Knowledge and working experience with test planning, test case and test script creation, test execution and test defect reporting.
- Hands-on experience in automation testing using **Selenium** with **Java**, **BDD Cucumber**, **Maven**, **TestNG**, **git**, and **Jenkins**.
- Experience in various testing types **Functional, Regression, Exploratory, GUI, Integration, Smoke and System Testing.**
- Knowledge of practical and theoretical usage of **HTML/CSS, XML, Java, Gherkin.**
- Experience with **Jira and MS Excel.**
- Competent in Web services and **API** Testing using tools like **POSTMAN.**
- Knowledge of **MySQL,** and **Object-Oriented Programming (OOP).**
- Experience in UI Element such as Button, Textbox, Popup, Actions, waits **(implicit, Explicit), XPATH, I frame.**
- Strong knowledge in designing **Page Object Model (POM)** for maintainable and reusable test code.
- Good knowledge of automation test result reports using (**Allure**).
- Knowledge of SQL and Database Testing Fundamentals, **Logs**, **Git Hub**.

PROFESSIONAL EXPERIENCE

Sr. Software Engineer at **Capgemini Technology** Services India Limited, Mumbai from Oct21.

- Created and refined automation test scripts with Selenium to facilitate quality assurance for web-based applications.
- Identify, analyses, and document defects.
- Developed test plans.
- Created and standardized test cases.
- Identified and logged bugs.
- Maintained test records and reports.

INTERNSHIP

- Completed 6 months UI Designing Internship from **Ted-tech private** limited, Mumbai from Dec 20 -June21

CERTIFICATIONS

- Certified Selenium Java Automation Tester from Engineering Diaries. (2024)
- Automation Engineer Practitioner Certification
- Udemy Certification on Web Development.
- SQL Certificate by (Coursera).

PROJECTS

Selenium with Java and Framework Design

Project- Make My Trip Website

While doing Training successfully completed project on Web Application, developed test scrips using Selenium, Java, TestNG, Database, etc. and generating the allure reports, logs and integrated with Jenkins and Git hub. Testing on same application using Selenium Framework.

Role/Responsibilities

- In this Project Automated the Login and Booking Page functionalities using Selenium with java and TestNG.

- Having experience on Writing Selenium Test scrips using Web Locators like ID, CSS selectors, XPath, etc. using Selenium Web driver.
- Having Good knowledge on Java Programming.
- Having Good knowledge on SQL and Database Testing Framework.
- Knowledge on Generating Allure reports, logs, Integrated with Jenkins, and GitHub.

Project-2 | Salesforce Developer Website

In this project we basically automate Salesforce Developer Website using Selenium Junit, Log4j, Excel by Setting up selenium test environments such as selenium web driver, Maven integration, TestNG, Java, and Jenkins integration.

Role/Responsibilities

- Understanding functional requirements of the Application.
- Defect Reporting, Defect Tracking and Validating the Issues.
- Identify, analyse, and document defects.
- Execute test cases and analyse results.

EDUCATION

- Completed **MCA** from **Vellore Institute of Technology (VIT), Bhopal** (8cgpa) -05/21.
- Completed **BSC(IT)** from **ST. Peter College, Mumbai** (7cgpa) -05/18.

HOBBIES

- Watching Movies, Travelling.

PERSONAL DETAILS

- Name: Sunidhi Chauhan
- DOB: 12th Aug 1998
- Gender: Female
- Marital Status: Single
- Languages: English, Hindi
- Nationality: Indian
